

SUPPLEMENTAL / BID BULLETIN NO. 001

TITLE : SUPPLY , DELIVERY, INSTALLATION, AND CONFIGURATION OF TOWER SERVER WITH UPS OF DSWD FIELD OFFICE MIMAROPA

ITB NO. : DSWD4B-2025-005

DATE : 13 MAY 2025

This Supplemental/Bid Bulletin is issued to all prospective bidders announcing the following:

PARTICULARS	CLARIFICATIONS/AMENDMENTS
<p>Server</p> <ul style="list-style-type: none"> Can we propose/position Windows 2025? 	<ul style="list-style-type: none"> The bidder can offer the latest Microsoft Windows 2025
<p>Server</p> <ul style="list-style-type: none"> May we know what this 8 TB pertains to in the HD Capacity? Is it the total usable capacity? If yes, what is the rate configuration of the 8 TB that we are looking for? 	<ul style="list-style-type: none"> The 8 TB HD Capacity is the total usable capacity with having RAID 5 Configuration.
<p>Server</p> <ul style="list-style-type: none"> For the power supply of 800 W in the server, is it single or redundant (meaning with backup)? 	<ul style="list-style-type: none"> This is for a redundant UPS
<p>SNMP Card</p> <ul style="list-style-type: none"> For item no. 4 for the SNMP Card, compatible with 10KVA UPS, may we know your current brand so we can supply the SNMP Card compatible to your existing brand. 	<ul style="list-style-type: none"> The existing brand is K- Star UPS
<ul style="list-style-type: none"> For the schedule of deliverables, can we relax it to 90 business days? 	<ul style="list-style-type: none"> We will maintain a 90-calendar-day timeline for all deliverables

<ul style="list-style-type: none"> • For the 5 units of Tower Server, we have the following clarifications: <ul style="list-style-type: none"> <i>a. For the Power Supply, is it just a single PSU or a redundant 800W?</i> <i>b. For the HDD Storage capacity, you've said 8TB is pertaining to usable capacity, having a RAID 5 Configuration, meaning it is used for data storage.</i> • May we know if you also need an OS/Boot drive separately? Basically, it's just two drives with a RAID 1 configuration as boot storage for the Operating System : <p>For reference, we do the following for the server best practice:</p> <p>OS/Boot Drive - RAID 1 (min. of two drives - one drive fault tolerance) Data Drives – can be RAID 5 (min. of three drives - one drive fault tolerance)</p>	<ul style="list-style-type: none"> • <i>This is for a redundant PSU</i> • We are amenable to this recommendation as practice.
<ul style="list-style-type: none"> • For the accessories, having a mouse and keyboard. Is it necessarily the same brand as the server being offered? 	<ul style="list-style-type: none"> • Mouse and keyboard are not necessarily the same brand as the server being offered
<ul style="list-style-type: none"> • For the 5 units of 2kVA Tower UPS, is it dedicated to be used for each tower-type server as requested, having also 5 units? 	<ul style="list-style-type: none"> • Yes, it is dedicated to be used for each tower type server
<ul style="list-style-type: none"> • For the 3 units of SNMP Card, based on the Pre- Bid Conference, you have said that the two units are for your existing K-Star 10KVA UPS and third one for the new which is the 10KVA Rack type UPS. What is the serial number of your existing K-Star UPS to check the compatibility? 	<ul style="list-style-type: none"> • K-Star UDC9110H-RT 310038110E12681600009 • K-Star UDC9110H-RT 310038110DC0366500006
<ul style="list-style-type: none"> • For the Scope of Work, we would like to confirm if the scope is only power up and installation of the requirements. Are there any configurations of your existing network and migration of data? 	<ul style="list-style-type: none"> • No network configuration or data migration is required.

<ul style="list-style-type: none"> Where to deploy all the requirements? Is it under single site only or multiple? 	<ul style="list-style-type: none"> All equipment will be delivered in DSWD Field Office MIMAROPA at 1680 Benitez St. corner Malvar St., Brgy. 695, Malate Manila
<ul style="list-style-type: none"> For the Training/Orientation: Will the required knowledge transfer for all deliverables (Server, UPS, Windows OS, KVM Switch) be a formal paid training, or can it be free training delivered by the bidder? 	<ul style="list-style-type: none"> The bidder may provide the training/orientation as a complimentary training program facilitated by the winning bidder
<ul style="list-style-type: none"> For the 3 units of KVM Switch, do we also have to include VGA cables or just the switch only? If yes, how many cables do you need? 	<ul style="list-style-type: none"> For the 3 units of KVM Switch, please include 5 VGA cables for each KVM switch, a total of 15 VGA cables.
<ul style="list-style-type: none"> Bid Data Sheet ITB Clause 5.3 <p>For this purpose, contracts similar to the Project shall be:</p> <p>a. Supply and Delivery of Server and UPS</p>	<ul style="list-style-type: none"> <i>This should be amended as:</i> <p>For this purpose, contracts similar to the Project shall be:</p> <p>a. Supply and Delivery of Server.</p>

This Bid Bulletin shall form part of the bidding documents.

Please be guided accordingly.
